About WPfoss

WPfoss Limited is a digital agency based in Nairobi, Kenya, building fast, mobile-ready, and M-Pesa integrated websites for businesses across Africa. We specialize in web development, e-commerce, automation, lead generation systems and google workspace. Our team thrives on innovation, performance, and measurable results.

Overview

We're looking for an experienced **Web Developer** to join our technical team. The ideal candidate is confident in WordPress and WooCommerce development, understands front-end and back-end workflows, and can deliver professional, secure, and high-performing websites on time. You'll be part of a cross-functional team responsible for both client projects and internal platforms.

Key Responsibilities

- Develop, maintain, and optimize WordPress and WooCommerce websites.
- Integrate APIs, plugins, and custom themes that enhance site functionality.
- Troubleshoot, debug, and fix performance and compatibility issues.
- Manage hosting environments, backups, and security configurations.
- Collaborate with designers, marketers, and clients to meet project goals.
- Write clean, reusable code and maintain documentation for every project.

- Stay current with new technologies, frameworks, and development practices.

Qualifications & Skills

- Minimum 2 years of professional experience in WordPress and WooCommerce development.
- Strong command of PHP, HTML5, CSS3, JavaScript, MySQL, and REST APIs.
- Experience with Brizy, Elementor, or custom theme development.
- Familiarity with web performance optimization, SEO, and accessibility.
- Strong version control experience (Git).
- Excellent communication and time management skills.

Work Terms

- Employment type. Full-time, permanent.
- Location. Remote.
- Working hours. 9AM-5PM
- Probation. 3 months.
- Performance reviews. Formal review at 3 months and thereafter every 6 months.
- Notice period. 1 month by either party during or after probation.
- Equipment. Candidate must provide a laptop and reliable internet. The company provides access to necessary cloud services and development servers.
- Benefits. Competitive salary.
- KPIs. Timely delivery of assigned projects, uptime and performance metrics, code quality, client satisfaction scores.

Core Values

- **Candor:** Speak clearly, work transparently, and respect feedback.
- **Collaboration:** Partner with teams and clients to deliver top-quality solutions.
- **Innovation:** Constantly seek better, faster, and more efficient ways to build.
- **Ownership:** Deliver projects with accountability from start to finish.
